

# LASER ENGRAVING MACHINE

## SPECIFICATIONS

<b>Model</b>	<b>NIKA 6040</b>		
Processing area	600*400mm		
Laser tube	60W/80W CO2 Tube		
Engraving speed	0-30000mm/min		
Cutting speed	0-3600mm/min		
Software	CorelDraw		
Port	USB 2.0		
Minimum character	Letter 1.0 x 1.0mm		
Support graphic format	AI, BMP, DST, DWG, DXF, DXP,		
Resolution ratio	0.005mm		
Scanning Precision	1000DPI		
Power supply	220V±10% /50HZ , 110V±10%/60HZ		
Focus	Red dot pointer		
Applications	Acrylic, Glass, Leather, Nonmetal materials		
Laser tube's life	5000 hours	Packing Weight	114KG
Up-down	0~200mm(Electrical)	Packing size/Charge weight	127*80*81cm
Water thermometer	Yes	Delivery Time	45 Working days after payment received

## QUOTATION

Standard Configuration						Optional Parts	
Honey table	Air pump	Industry pump	Electrical Up-down	Rotary platform	With Stand	Upgrade to 80W	CW3000
√	√	√	√	√	√	+500 ЛВ	+500 ЛВ

## SPAREPARTS WE USE

Rotary for free	Reasonable space	Security socket & leakage protection	Professional Factory
<b>Rotary fixed under working table</b> 			

## Warranty

Mainboard	12 Months
Motor/air pump/water pump	12 Months
Tube	6 Months
